

To your benefit. Worldwide.

Certification of Language Study Tour Providers.

Foreign language competence is gaining ever more importance. This is every day noticeable, whether in private life or in the world of work. Organised language study tours offer schools, students and professionals the opportunity to acquire and improve foreign language competence. The advantages of learning a language “on location” are inestimable. A language study tour not only enables one to acquire the language skills but also provides invaluable knowledge of the foreign mentality and way of life.

The mark that shows the difference.

The extremely wide variety of offers frequently makes it difficult to decide which tour provider can be trusted when making a choice; the standards applied by the various language tour providers are simply too diverse. On the basis of the European standard DIN EN 14804 “Language Study Tours”, it has become possible, for the first time, to create a universal standard for this market.

With the DIN-Geprüft mark for Language Study Tours, you show that you as provider offer not only the pleasure of learning a language but above all – language study quality.

Convince your potential customers of the quality of your services and give them reliable orientation to assist them in making their decision. Particularly parents need to feel confident in the provider of a language study tour.

Testing and Certifying the Services Offered.

In the framework of the DIN certification for Language Study Tours on the basis of DIN EN 14804, the quality and scope of the services stipulated in the certification scheme are assessed.

www.dincertco.de

The testing and certification is carried out in three steps

The examination of documents

On applying for certification, you submit information and documents about yourself (proof of the necessary personal qualifications). On the basis of these documents, it is decided whether the conditions are fulfilled to obtain certification and for an on-site assessment.

On-Site Assessment

In addition to inspecting and assessing the facilities and equipment with the responsible manager and/or expert personnel, at least one of the cooperating language schools is inspected. The details and information supplied by the service provider are examined and files and documents are scrutinized.

Testing and Certification

After successfully completing the certification, DIN CERTCO issues to the Language Study Tour Operator a certificate and grants the right to use the DIN-Geprüft mark for a period of five years. Within the duration of this period the certificate holder is subject to regular monitoring.

There are many good reasons for having a DIN Certification.

- Standing out from the crowd in the competitive environment
- The trust of the markets and the people through a mark of quality which makes the difference obvious
- An orientation aid for your customers in making their decision on a market with a wide diversity of standards
- DIN CERTCO as neutral third party confirms your claim to quality by means of the internationally recognized DIN-Geprüft mark

Openness and Transparency.

A daily updated list of all certificate holders can be viewed on the homepage of DIN CERTCO. From here it is also possible to download all documents relevant to certification, such as the certification scheme and application.
